

Bethesda Hospital GP CPD Program

You're invited to...

"Diagnosis & Treatment of Common Shoulder Disorders"

Grant Booth

Orthopaedic Surgeon

Grant Booth was admitted to the Royal Australasian College of Surgeons in 2010 after training in Orthopaedic Surgery in Perth, Western Australia. He completed a shoulder surgery fellowship in Milan learning advanced arthroscopic and arthroplasty techniques. Grant holds a public appointment at Royal Perth Hospital where he performs trauma and elective shoulder surgery and has accreditation and operates at Bethesda Hospital in Claremont and St John of God Hospital in Subiaco.

Sven Goebel

Orthopaedic Surgeon

Sven Goebel has completed his training in Perth in Orthopaedic Surgery in 2010 and spent a further 18 months in Germany and France where he underwent subspecialty training in advanced reconstructive techniques in shoulder and knee surgery where he worked with some of the best-known Surgeons in this field. He is proficient in all minimally invasive surgical techniques with a keen interest in sports injuries. Sven has been involved with the management of shoulder injuries of the Western Force Rugby team over the past two seasons. He consults and operates at Bethesda Hospital as well as Joondalup Health Campus.
