SPEAKERS

Professor Peter O'Sullivan

Professor Peter O'Sullivan is a Specialist Musculoskeletal Physiotherapist and Professor of Musculoskeletal Physiotherapy at Curtin University.

Internationally recognised as a leading clinician, researcher and educator in Physiotherapy, he has published more than 100 research papers, been keynote speaker at 60 national and international conferences and taught in 22 countries on the diagnosis and management of persistent pain disorders.

Professor O'Sullivan consults three days per week at Body Logic Physiotherapy where he reviews complex musculoskeletal pain disorders, and works closely with all clinical staff to ensure the highest level of clinical care is.

Dr Toby Leys

Dr Toby Leys specialises in knee surgery, hip replacement, foot and ankle surgery, limb reconstruction, and deformity correction.

His special interest is in arthroscopic and reconstructive surgery of the knee. Dr Leys completed his Orthopaedic Fellowship Training in Perth in 2008 and then completed fellowships in knee surgery with Prof. Pinczewski at North Sydney Orthopaedics and Sports Medicine, and Limb Reconstruction with Prof. Donnan in Melbourne.

Dr Leys consults at Bethesda Hospital, Peel Health Campus, and Sir Charles Gardiner Hospital.

Dr Omar Khorshid

Dr Omar Khorshid specialises in arthroscopic and reconstructive surgery of the knee and hip, including primary and revision joint replacement surgery and computer navigated surgery.

He completed his medical and specialist training in Perth, Western Australia in 2006 and undertook a fellowship in sports knee surgery and knee replacement in Sydney with Dr Justin Roe followed by a fellowship in complex joint replacement surgery in Edinburgh with Mr Colin Howie.

Dr Khorshid is a Consultant Orthopaedic Surgeon at Fremantle Hospital and Rockingham General Hospital, where he is the Head of Department. He also consults privately at Bethesda Hospital and Waikiki.

Dr Khorshid maintains interests in surgical education and medical politics. He is currently the Chair of the WA Regional Training Committee of the Australian Orthopaedic Association, a Federal Councillor of the Australian Medical Association, and Honorary Secretary of the AMA (WA).
