Bethesda Art Exhibition a Real Star Attraction

12 November 2010

An exclusive cocktail function hosted by Bethesda Hospital Chairman, Dr Neale Fong together with Rhonda Wyllie next Tuesday night at the Claremont hospital, will showcase a selection art pieces from the Nomad Two Worlds collection.

This exhibition will feature the work by world renowned Perth born photographer Russell James, who worked with indigenous artists to create Nomad Two Worlds collection. Russell is flying in from NYC especially for the event and is rumored to have a NYC retail and perfume icon with him, as well as the indigenous artists, from across Australia.

Nomad Two Worlds evolved from James' attempt to understand the troubling cultural divide he witnessed growing up in Western Australia. Today Nomad Two Worlds is a powerful expression of partnership and reconciliation in action through art, music and film that has become a global example of true collaboration across deep divides.

Guests will be treated to Heyder & Shears catering, indigenous music performances, as well as the chance to take home some spectacular door prizes such as a Linneys piece created specially for the evening.

Bethesda Hospital is an independent 88-bed hospital which has been providing outstanding care and service to the Western Australian community for nearly seventy years. The hospital has an outstanding reputation in the provision of palliative care, through their 20 bed in-patient Palliative Care Unit, as well as an ambulatory care program.

CEO of Bethesda Hospital, Ms Yasmin Naglazas is delighted to be hosting such an event, which will see the hospital's Palliative Care Unit benefiting from the proceeds of ticket sales.

Tickets are \$125 from rachel@finestoccasions.com.au or 0488 00 88 22.
