

BETHESDA HEALTH CARE WELCOMES NEW BOARD MEMBER

Bethesda Health Care, a Claremont based private hospital, has recently welcomed Grant Robinson as the newest member of their board of directors.

Grant is a former partner of KPMG in the Audit, Assurance and Risk Consulting division, where he worked for 37 years. He is an FCA with more than 20 years experience as a board/committee member of various organisations. He is also a Fellow of Australian Institute of Company Directors (AICD).

He has experience across a variety of sectors including financial services, mining, mining services, healthcare, property and construction, education and Government.

Grant is currently a board member of the following organisations:

- Juniper
- North Metropolitan Health Service
- Perth Festival
- Botanic Garden and Parks Authority
- Netball WA

He joins fellow board members Tri Suseno, Dominic Burke, led by Chairman Dr Neale Fong.

Bethesda Health Care Interim CEO Dr Neale Fong said 'Grant's appointment follows Bethesda Health Care's \$10million redevelopment program which included two new theatres to add to our existing seven. This is an important time when the organisation is poised for future expansion, examining options other than its Claremont site, and Grant's expertise as an experienced board member will be ideal to guide us'.

Bethesda Health Care is an independent 88-bed award-winning hospital in Claremont who has been providing care and service to the Western Australian community for more than 70 years.
