

## LONG SERVING STAFF MEMBERS RECOGNISED ON BETHESDA CELEBRATION DAY

Long serving staff members were recognised today at Bethesda Health Care as part of the annual Bethesda Celebration Day. Twenty four staff have reached the impressive milestone of working 10, 15, 20, 25 years respectively at the not-for-profit health care provider in Claremont. One staff member Robyn Strong has reached a forty year milestone working in the Patient Services area of the hospital.

Celebration Day marks the 'official' opening of the hospital on the Claremont site in 1944, and encompasses a celebratory lunch, a church service and the length of service awards.

Also during the ceremony Tuyen Nguyen from the IT Department was awarded the Matron Beryl Hill Exemplary Professional Practice Award by Deborah Bell, Executive Manager, Clinical and Support Services. This award is given for recognition of outstanding professional practice in providing the highest quality care for those served by Bethesda Health Care, by illustrating the alignment and integration of practice with the mission, vision and values that Bethesda has adopted. Tuyen was also recognised for working at the hospital for 10 years.

Hospital Executive Chairman Dr Neale Fong said that "our Celebration Day acknowledges our heritage, Christian beginnings and our ongoing commitment to caring – and it is a perfect opportunity to recognise our long serving staff members. Reaching 40 years at one workplace is an outstanding achievement and needs to be celebrated - congratulations Robyn, as is the other years of service milestones. We are fortunate to have such amazing caregivers who really do provide patient centered care"

Bethesda Health Care Staff to be recognised:

**10 years:**

Catherine Anderson-King

Jill Garton

Susannah Evans

Teddy Deregla

Beverly Broughton

Nadine Murray

Tuyen Nguyen

Maria Teixeira

Theresa Van Der Zanden
