

Consumer Partner (Volunteer Role)

Bethesda Health Care's Consumer Partnership Committee (CPC) is looking for consumers to join them and represent the voice of the patient.

Our committee is active in the hospital with representatives on many hospital committees. Additionally, the CPC is involved in:

- Reviewing safety and quality data
- Contributing to decisions regarding the strategic direction of the organisation
- Reviewing and participating in building design and infrastructure reviews
- Reviewing and evaluation of organisational publications
- Contributing to the training of the clinical workforce
- Contributing to support and improve the patient journey at Bethesda

The CPC meets monthly at Bethesda Hospital in Claremont. Meetings can also be joined via Zoom. Expressions of interest can be directed to Deborah Bell on dbell@bethesda.org.au or 9340 6361.
