

# HOSPITAL MEDICAL OFFICERS

## Expressions of Interest

**PGY6 + (Full time, day shift)  
PGY2/3 (Part time, night shift)**

**Commencing 2021**

As part of our continual organisational growth and expansion, Bethesda Health Care, with an enviable reputation for personalised and high quality patient care, is seeking expressions of interest from doctors who thrive on delivering quality care and enjoy working in a team focused environment, to assist in the delivery of a 24/7 medical support on-site service.

### **About the role**

These roles will provide medical assessment of inpatients, management of new admissions and overseeing, with support, unstable patients. Access to specialist Geriatricians/Physicians will also form part of the expanded service that will enable the management of higher acuity admissions to the hospital. The roles will liaise closely with admitting Surgeons / Visiting Medical Officers and a Pain Service to provide appropriate and timely communication regarding patients and will include ward rounds.

### **About you**

The roles would suit doctors who are keen to work in a private hospital setting managing perioperative care for surgical patients, or doctors interested in pursuing a career in general hospital care or trainees (GP or rural generalist or specialist trainees) who wish to obtain a mix of experience of preoperative medicine, palliative care and general medicine.

The full-time role (day shift, could be shared), is ideal for doctors who wish to leave general practice or who do not wish to pursue a specialty training position.

The full-time role will be supplemented by part time and night shift roster of doctors.

All roles are open to international graduates who are fully registered with APHRA and are eligible to work in Australia (sponsorship is not offered).

We have a flexible working arrangement policy and are open to consider flexibility of hours with the suitable candidates.

### **What you need**

- MBBS or equivalent
- Experienced candidates (PGY6+) are preferred for the full-time role
- PGY 2/3+ will be the minimum requirement for the part-time/night shift roles
- Current registration with the Medical Board of Australia and AHPRA

- Demonstrated ability to provide and coordinate a multidisciplinary approach to assessment and management of patients.
- Excellent communication skills – both written and verbal
- Leadership skills and working as a team member
- A commitment to working within a values and behavioural based organisation
- Currently hold or willing to obtain a National Police Clearance
- Full working rights in Australia

#### **About Bethesda Health Care**

Bethesda is an 88-bed private hospital with a strong reputation for high quality care in surgery (Orthopaedics, urology, plastics, gynecology, general surgery and pain management) and is one of Perth's leading inpatient palliative care units. Our nine operating theatres have a high throughput, with a majority of surgical cases performed as same-day admissions. It is located in beautiful setting on the Swan River and accessible within western metropolitan Perth. Nursing and support staff are highly qualified, and the hospital is a leader in occupational health and safety.

#### **Benefits**

- Friendly and modern work environment
- Parking
- Discounted staff meals
- Salary Packaging
- Close to public transport

#### **How to Register your interest**
