For any questions above (1 – 35) answered yes, complete the table below. If you require more space than provided here, please continue on an additional sheet.

No	Duration and Dates of Condition	Current Status

- If you fail to disclose information about a pre-existing medical condition, or workers compensation claim, your claim may be pended as declined.
- Do you believe you are fit and physically able to fulfil all the duties required in the role applied for? YES/NO

If no, what modifications would be required?

DECLARATION:

- My answers relating to my medical and employment history are true and complete to the best of my knowledge. Furthermore, there is nothing else regarding my health, well being or ability to carry out the potential role which Bethesda Hospital may need to know to assess me for the position(s) I have applied.
- I am fully aware that if I fail to disclose any relevant mater relating to my health, which renders me incapable of properly fulfilling the duties of the position, the employer may not employ me and if already employed by the employer, my employment may be summarily terminated.
- I consent to any reference checks which may be necessary to support this application.

Or Mail /deliver to	Bethesda Hospital, 25 Queenslea Drive Claremont WA 6010

PRE EMPLOYMENT IMMUNISATION AND SCREENING REQUIREMENTS

ALL sections on the pre employment screening form must be completed.

Failure to provide required evidence will impact on your eligibility for employment.

IMMUNISATION IS IMPORTANT FOR HEALTHCARE WORKERS (HCW'S) *(this includes all staff at Bethesda)* AND VOLUNTEERS.

HCW's are at risk of exposure to vaccine preventable diseases while at work. Immunisation protects your health, prevents diseases being spread between you and your family and between you and your patients.

All HCW's must undergo pre employment screening and vaccination relevant to their role to minimise the risk of disease acquisition and transmission.

Routine screening /immunisation based on risk assessment may include;

DISEASE	VACCINATION
Measles, mumps, rubella	MMR vaccine x 2 doses (1 month apart)
Varicella (chickenpox)	Varicella x 2 doses (1 month apart)
Pertussis (whooping cough)	Pertussis vaccine within the last 10 years
Hepatitis B	Age appropriate vaccination schedule followed by serological evidence
Influenza	Annual vaccination
Tuberculosis screening	Mantoux /quantiferon

IMPORTANT INFORMATION FOR APPLICANTS

Written evidence in English MUST be provided to support history of natural infection or prior vaccination for measles, mumps, rubella, pertussis, varicella and hepatitis B as outlined above.

Evidence must be provided for tuberculosis (TB) screening and MRSA. In most cases, these requirements can be determined once your form is reviewed by your manager.

Evidence that will be accepted includes:

- complete vaccination records (to support required number of doses of vaccine);
- serology / blood test results, or letter signed by a GP; or
- results of either a baseline Mantoux test or Quantiferon blood test.

You may have had screening done recently (perhaps at another healthcare facility). You are requested to access these results and provide a copy to your manager at Bethesda Health Care with your completed form.

Should you:

- ❖ not be able to provide the required evidence as listed above, you will be required to undergo further testing;
- ❖ due to allergy or medical reasons, not be able to receive vaccinations or undergo Mantoux testing - a signed letter from your GP/Specialist will be required; or

suffer from ANY infectious disease this needs to be declared and you **MUST** discuss your work practices with the Manager, Infection Prevention & Control or your doctor.

APPLICATION FOR EMPLOYMENT

PLEASE READ CAREFULLY AND COMPLETE ALL SECTIONS A, B, C, D & E

Bethesda Health Care is committed to providing an environment, which is as safe as possible for all healthcare workers (HCW's), volunteers and patients. Your employment with Bethesda Health Care is subject to you having current immunity status that complies with the Department of Health Western Australia Operational Directive OD0388/12 and National Guidelines. All information provided in this checklist will be treated confidentially and this information will be stored in a secure place.

Surname:	**Given name:**		**Date of birth:** M ☐ F ☐
