About Bethesda Health Care:

Bethesda Hospital is an 88-bed private, not for profit hospital with a strong reputation for high quality care in surgery and is one of Perth's leading inpatient palliative care units. Our nine operating theatres have a high throughput, with a majority of surgical cases performed as same-day admissions. It is located in beautiful setting on the Derbarl Yerrigan (Swan River) and is easily accessible within western metropolitan Perth.

Key specialties of the hospital include Orthopaedics, Urology and Gynaecology, along with General, Oral, Plastic and Pain Management surgical procedures. Currently, Perioperative Services operate Monday to Friday, however flexibility to participate in on-call is essential, and potential availability for Saturday lists in the future desirable.

Nursing and support staff are highly qualified, and the organisation is a leader in occupational health and safety.
