

CLINICAL NURSE PART TIME (60-76 hours per fortnight)

The Metropolitan Palliative and Community Care Service (MPaCCS) has experienced significant growth and impact in the community since its establishment. Due to the current expansion of our service, we are seeking expressions of interest from experienced and highly motivated palliative care nurses to join our professional team. This position, integral to the success of our consultancy model, is available on a fixed term basis until 30 June 2024 with the possibility of a further offer of employment pending ongoing funding of the outreach programme,

About the role

Using impromptu and formal education, role modelling and mentoring you will promote best-practice nursing care for residents and their family carers. You will also help build the capacity of facilities to provide quality holistic end-of-life and palliative care by supporting facility staff to learn and implement relevant, evidence-based care techniques and methods.

About you

Ideally you will have a minimum of three years experience in a palliative care nursing role and can demonstrate:

- a commitment to excellence in person-centred care delivery
- the ability to work autonomously as part of a dedicated interdisciplinary specialist team
- strong problem solving and relationship building capabilities
- leadership and advanced nursing skills and knowledge relevant to the practice setting.

What you need

- A commitment to working within a values and behaviour based organisation
- Current AHPRA Registration
- Current WA Driver's Licence (C-class, with no restrictions)
- Currently hold or willing to obtain a National Police Clearance
- Full working rights in Australia

About Bethesda Health Care and MPaCCS

Bethesda Hospital is a private, not for profit hospital with a strong reputation for high quality care in and is one of Perth's leading inpatient palliative care units.

Palliative care consultancy to the community is provided by MPaCCS located in South Perth.

MPaCCS is a mobile specialist palliative care team that works collaboratively with General Practitioners and other health professionals to ensure superior outcomes for patients residing in residential aged care, mental health services, disability services and corrections. The service focuses on building the palliative care workforce through training, education, assistance and mentoring where there are currently no specialist palliative care consultation services available.

A mental health care facility is currently under development in Cockburn.

Nursing and support staff are highly qualified, and the organisation is a leader in occupational health and safety.

Benefits

- Friendly and modern work environment
- Salary Packaging
- Access to Company provided vehicle
