

GRADUATE NURSING PROGRAM

We are excited to announce we have partnered with the University of Notre Dame to create a unique and dynamic Graduate Nursing Program.

We are seeking applications from motivated and committed individuals who are looking at obtaining a formal qualification whilst gaining hands on experience. Applications for the January 2022 Registered Nurse Graduate Program at Bethesda Health Care Private Hospital is now open!

What our graduate program offers:

The Bethesda Health Care Graduate Nurse Program provides a positive and supportive environment in which graduate nurses are encouraged to develop both clinically and professionally while gaining exposure to a variety of clinical specialties. With three rotations over 12 months, you will see yourself gaining experience in Surgical, Perioperative and Palliative Care departments.

- One-week orientation program
- Supernumerary time in each clinical area
- Weekly education sessions including study days
- Support from the Staff Development Nurses, preceptors and Bethesda's Learning and Development Team
- Ongoing further education

Graduate Certificate in Clinical Nursing:

We have partnered with Notre Dame to include a Graduate Certificate in Clinical Nursing to be completed in the graduate year and funded by Bethesda on successful completion of the Graduate Program. This enhanced component of the Bethesda Graduate Program is designed to hone your clinical knowledge and decision-making skills with a mix of online and practical modules. Please note, you do not need to have completed your undergraduate degree at Notre Dame to participate in the Bethesda Graduate Program or to complete the Graduate Certificate.

About Bethesda Health Care:

Bethesda Hospital is a private, not for profit hospital with a strong reputation for high quality care in surgery (Orthopaedics, urology, plastics, gynaecology, general surgery and pain management) and is one of Perth's leading inpatient palliative care units. The Hospital is situated on the shores of Perth's picturesque Swan River and has been providing care and services to the Western Australian community for over 75 years.

We also have a Palliative care consultancy which is provided by MPaCCS located in South Perth and the Bethesda Clinic, the first private mental health services facility south of the river which is currently under development in Cockburn and due to open September 2022.

We encourage the pursuit of continuous professional development and education and support our people to grow and flourish securely. We pride ourselves on working with talented, passionate and caring people to ensure our patients receive the highest quality care and experience during their stay with us.

Employee Benefits include:

- Friendly, modern and supportive working environment
- Attractive remuneration and benefits
- Salary Packaging options
- Discounted staff meals
- Access to subsidised parking and close to public transport
- Employee Assistance Program

How to Apply:
