

Business Analyst Full-Time

Work within a compassionate environment, committed to excellence with a community feel!

Bethesda Hospital is a medium acuity private hospital nestled on the banks of the beautiful Swan River in Claremont. Our high-performing team continually strives for excellence to achieve outstanding care for our patients. We are a values-based organisation with an outstanding culture committed to employee health and well-being and professional development.

With a strategic focus on consolidation and growth, we are currently looking for a Business Analyst to enhance our patient care experience.

Working autonomously within the finance department, you will be primarily responsible for conducting research, analysis and modelling for projects and proposed business opportunities, providing data and planning support for hospital performance improvement, optimising projects, and meeting business data and reporting needs. You are also responsible for preparing analysis modelling for health fund contract indexation to support negotiations.

Essential Criteria

- A minimum of two years relevant recent experience
- Demonstrated experience in leading projects and managing change in a complex environment
- Experience maintaining strong working relationships with internal and external stakeholders
- Tertiary qualifications in a relevant discipline or relevant equivalent experience
- High-level conceptual and analytic skills and the ability to interpret complex data systems
- Knowledge of reporting tools and ability to undertake statistical analysis to identify trends
- Knowledge of business planning
- Knowledge of contemporary project management and change management principles
- Advanced skills with Microsoft Excel and Microsoft PowerPoint
- Demonstrated ability to effectively deliver requested analysis and explain findings to stakeholders with varying levels of understanding
- Demonstrated report writing skills
- Current Police Check (not more than six months old)

Employee Benefits include:

- Friendly and modern working environment
- Full salary packaging options and competitive remuneration
- Discounted staff meals and parking
- Close to public transport
