

Clinical Nurse Manager - Palliative Care Full-time

- **Work within a supportive management team committed to excellence with a community feel!**
- **Located in Claremont, Perth**
- **Access to on-site subsidised staff parking**
- **Work-life balance**

Bethesda Health Care is seeking an experienced full-time nurse manager with advanced knowledge, experience, and skills in nursing management and/or palliative care and excellent leadership and communications skills committed to promoting a transparent supportive environment focused on delivering high-quality health care and strong patient outcomes.

About the role:

This is a highly rewarding role at the clinical leadership level managing the operations and governance of the inpatient Palliative Care Unit. Working closely with the Executive Manager, Clinical Operations, you will lead a multi-disciplinary team, including human resources, financial management and business planning related to the Palliative Care Unit.

About us:

Bethesda Hospital is a medium acuity private hospital nestled on the banks of the beautiful Derbarl Yerrigan (Swan River) in Claremont, Perth, with one of Perth's leading inpatient palliative care units and a highly reputed palliative care consultancy service provided to the community by MPaCCS, located in South Perth. Our high-performing team strives for excellence to achieve outstanding patient care. We are a values-based organisation with an outstanding culture committed to employee health, well-being, and professional development.

What you need:

- Registered Nurse qualification with current national registration
- Current Police Check and Working with Children Check (no more than six months old)
- Demonstrated advanced knowledge, experience, and skills in nursing management and/or palliative care
- Demonstrated advanced level of interpersonal and communication skills, negotiation and problem-solving skills whilst working within an interdisciplinary team
- Demonstrated experience in driving change in complex environments and managing stakeholders in a manner consistent with the Bethesda Health Care values
- Demonstrated ability to manage financial and material resources within fiscal constraints
- Demonstrated knowledge and application of human resource principles
- Demonstrated significant knowledge & application of research & best practice principles and experience in undertaking activities utilising the quality review and risk management principles in alignment with the National Safety and Quality Health Services Standards

Desirable

- Possession of or significant progression toward attainment of a post-graduate qualification in area of specialty

Employee Benefits include:

- Highly competitive salary and conditions
- Generous salary packaging options (pay less tax)
- Heavily discounted staff meals
- Flexible work options available

How to Apply

For further information and confidential enquiries, please do not hesitate to contact **Renee de Prazer**, Executive Manager, Clinical Operations, on 9340 6387 or email rdeprazer@bethesda.org.au.

To view the job description, [Click here](#). To apply, please email your CV with a cover letter outlining your experience in relation to the position and your completed [Application Form V8.pdf](#) to rdeprazer@bethesda.org.au by close Tuesday, 31 January 2023.

Please note that successful applicants will be contacted via phone or email. Unfortunately, due to the high volume of applications received for our current vacancies, we are unable to provide individual acknowledgement or feedback about your application if you are not successfully shortlisted.
